PASTOR'S NOTE

Our sermon title today is, "Code Blue." Being in a medical community, this title needs little explaining. When "Code Blue" is used in the hospital, there is a plan in place that is implemented and the advanced cardiac life support team comes into action within 2 minutes or less. If they are successful, the dead come back to life.

Ephesians 2 reminds us of that while "even though we were dead because of our sins, he gave us life when he raised Christ from the dead." If this world is one big hospital, then is our church equivalent to the advanced cardiac life support team? Is God using us to help bring the dead to life with the gospel of Jesus Christ? Today, we are dedicating the Family Circle and the AWESNA team as they prepare to leave for a mission trip to the Philippines. I am privileged to accompany both groups, and will return on March 1, as our own evangelistic series begins. Will you pray that our church will be ready as plans are made. Let us be part of the team that helps bring the dead to life.
