PASTOR'S NOTE

Dear Family,

Have you ever had a stiff-neck? How difficult was it to move around or get things done? Normally, a stiff-neck is caused when one of the muscles becomes strained or tense. It can be caused by sleeping in an awkward position, muscle injury, or disease. Stephen called the members of the Synagogue stiff-necked because of their refusal to listen to the Holy Spirit. Unfortunately, it ended with his demise.

As a church, it leads me to ask, "How has the Holy Spirit been leading us; and how have we responded?" Albert Einstein said that the definition of insanity is "doing the same thing over and over again and expecting different results." My prayer is that as a church and as a people, we are able to discern and are willing to follow the Lord's leading in making the changes necessary to truly "Love God, Love Others, and Make Disciples."
