Pastor's Note

Shalom: The Hebrew word for Peace and I way to say hello and goodbye. The common western definition of peace is — the absence of conflict or war — but in Hebrew it means so much more. Peace is more holistic. In the ancient Hebrew, shalom means “Wholeness, completeness, soundness, health, safety and prosperity with an implication of stability and permanence. In many places in scripture we find that Shalom is constantly longed for the sake of control of it its established through Kingdoms. The reality is Shalom, true peace, is not something we can attain it ourselves. When our kingdoms fall apart we are reminded we never truly had it. There is One who provides it for us only when we are ready, the question is, are we?
